Dear Parents and Carers,

In A-level Sociology your child has the opportunity to participate in research into the usefulness of real-life scenarios to support learning. There will be a presentation and students will be given the chance to consent for their data to be used in the research. There will be no requirement for additional lessons or activities outside of the classroom and all students will be required to complete lessons as normal. The only additional requirement for participating in the research is a questionnaire that students complete in the lesson. If they choose to participate, all results and data will be anonymous and stored confidentially. If you require any further information, please contact Mrs Cottier-Cooper [jcottier-cooper@keslichfield.org.uk](mailto:jcottier-cooper@keslichfield.org.uk).

Kind regards,

Miss Johnson & Mrs Cottier-Cooper
